

REC MTGS October 2, 2007

Renovations Sub-Committee

- *How can we get in the door?*
 - Possibly look into small changes like the flush toilets in Hamilton
 - Talk with Ulysses/Green Building Sub-Committee
 - Higdon likes competing with other schools-and there are a lot of schools that are more environmentally aware.
- *What are we going to do*
 - Bathroom renovations-Use efficient faucets, shower heads etc.
 - Need to stress getting money back through Green investments
 - Compare our Green Building Policy with that of other NESCACs.
- *Goal*
 - To revise the Green Building Policy with more rigidity.
 - Tackle the easy areas first, look at renovation plans and target where we can propose more efficient systems.
