

REC Minutes 11/27/2007

- 1) Renovations
  - a. Tom talked to Glenn Dryer (Director of the Arbo and member of the EMC's green building subcommittee) and got info on what's going to be renovated this summer. We're going to go through and see where we could help out. Starting after break.
- 2) Josh from Connecticut Fund for the Environment. Willing to come back. Stop Global Warming Connecticut. Best route to national climate change agreement is getting states to band together. Trying to get a statewide cap on emissions. Trying to get our organization to support it. Talk to city and state representatives (either phone call or hand written note is best) By 2020 10% below 1990 emission. By 2050 80% below.
- 3) 11<sup>th</sup> Hour – showing next Friday (Dec. 7th.) 7:30 Oliva Hall. We got \$600! Money could go toward National Wildlife Federation people have agreed to talk to us. Possibly food at the event, pizza and GOODIES? Would be cool to get some professors too. Could sell CFLs and blackout night shirts at movie.
- 4) CFL Exchange – They need permission from Connecticut Light and Power. Since bulbs are sponsored by CL and P we might need to get people's information. CL and P sells bulbs for \$1.20.
- 5) Concert from Conservation – we need to do a poster. Idea line with brainstorm and finalization 4:30 Wednesday (tomorrow) Ty's in Hamilton 118.
- 6) Raising Awareness about REC initiatives
- 7) Ideas for where we should put money – A new shirt w/ Camels and as oasis?
- 8) Intercollegiate Competition with Wesleyan and Trinity
- 9) Focus the Nation – is a national wide teach-in about climate change. Jan 31<sup>st</sup>. Each class has a panel or a discussion with professors. Start a subcommittee to come up with what we want the day to look like. We need 50 professors to sign off on supporting the teach-in. [Focusthenation.org](http://Focusthenation.org).
